

Block Puzzles Busy Bag

Thanks for visiting [All Our Days](#) and finding a resource you would like to use! I create these activities for my own children and share them in order to bless others!

If you would like to share these files with others, please direct them to our blog and not directly to the file you are now viewing.

It is our prayer that others will be blessed by our blog and any files we share. If you ever notice a typo, please let me know, they can slip by me and I definitely want to fix them!

God Bless!

Allyson

How to make a Block Puzzles Busy Bag

Materials:

- 3/4 inch square blocks, at least 12 (we use Foam Counting Blocks sold in packs of 50 at the Dollar Tree)
- zip-top gallon bag
- printer
- light colored cardstock paper
- scissors
- [laminator](#) or clear contact paper
- clear packaging tape

Instructions:

1. Print Block Puzzle cards on cardstock and cut the pages in fourths on the lines. [Laminate](#) the cards for more durability and place them in the zip-top bag.
2. Add at least 12 blocks to the bag.
3. Print the Busy Bag label on regular weight printer paper. Cut it out on the solid lines. Use clear packaging tape to cover and secure the label to the front of the zip-top bag.

Note to Adult:

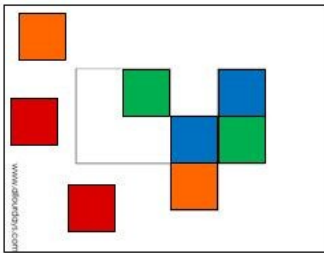

If you cannot find 3/4 inch blocks you can print the grid on page 4 on cardstock, cut on the solid lines and laminate for more durability. Or you can draw your own Block Puzzle cards using the dimensions of square blocks you already have at home.

Our Block Puzzle cards were designed to allow a little “wiggle room” and each space in the puzzle measures 7/8 inch square.

How to use the

Block Puzzles Busy Bag

1. Give your child the Block Puzzles cards and 3/4 inch square blocks or squares of cardstock.
2. Have them pick one card and guess, or estimate how many blocks it will take to fill in the whole design. Then have them fill in the design by placing the blocks within the solid lines (make sure they don't stack the blocks on top of each other). Ask them if their guess, or estimate was correct.

Block Puzzles

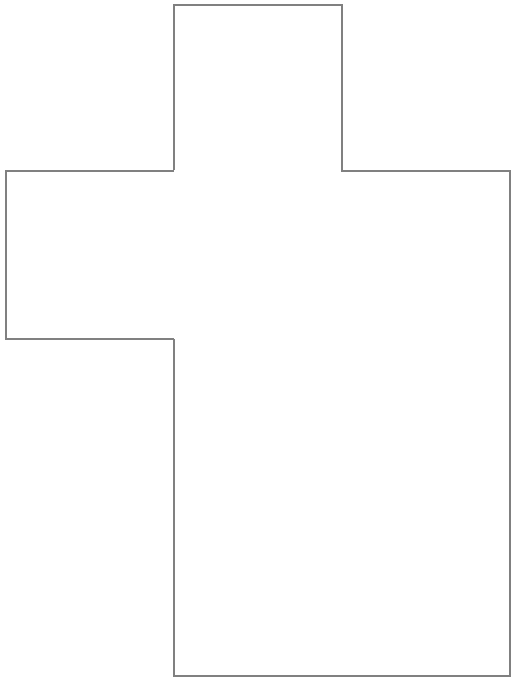

Choose a card and use the blocks to fill in the design. Try guessing how many blocks you can fit in each puzzle, then fill in the puzzle with blocks to see if you're correct.

Activity Develops or Reinforces: logical reasoning, spatial reasoning, estimation, visual discrimination, counting, fine motor skills

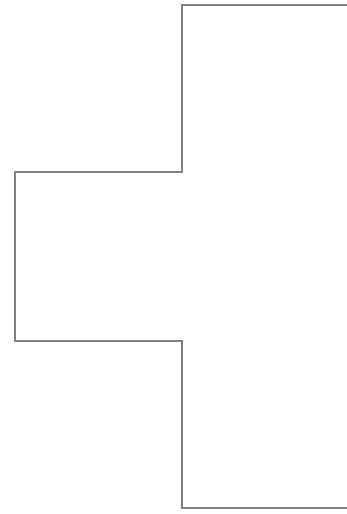

This bag includes: Block Puzzle Cards, Square Blocks

Warning: Plastic bags are choking hazards. Adult supervision required.
