

It's Beginning to Look a Lot Like Christmas

Matching/Memory Games

Thanks for visiting [All Our Days](#) and finding a resource you would like to use! I create these printable for my own children and share them in order to bless others!

It is our prayer that others will be blessed by our blog and any files we share.

If you ever notice a typo, please let me know, they can slip by me and I definitely want to fix them!

God bless & have a very Merry Christmas!

Print on [white cardstock](#), cut apart,
and [laminare](#) for more durability.

Matching: Use these cards to help your child(ren) practice visual discrimination by matching cards that are the same. Start with just a few sets of cards and increase in number according to your child's ability.

Sorting: The first card set can also be used to group like colors (red, green, yellow, & blue).

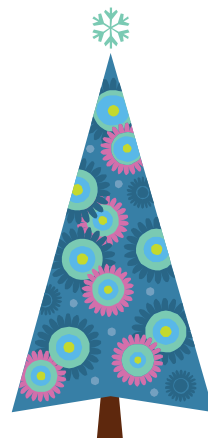

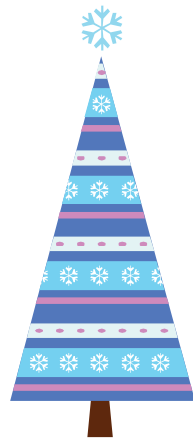

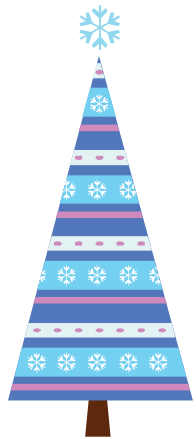

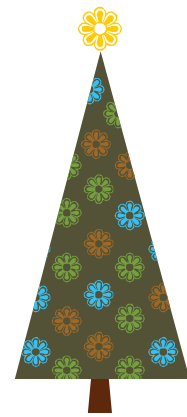

Memory Game: Turn the cards face down and arrange in columns and rows. Take turns turning over 2 cards. If the cards match the player keeps them both. If they do not match, turn them back over and your turn is finished. The player with the most sets of cards when all the cards have been matched is the winner. Start with just a few sets of cards and increase in number according to your child's ability.
